## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 20 and 25-35 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 20, line 3, the phrase "used upon printing in a printing device" is not clear as to its meaning.

Claim 20, lines 6, 10, the phrase "service point" is not present from the descriptive portion of the specification nor drawings and is not clear as to its meaning.

Claims 28 and 32 contain similar instances as noted above.

Support for each noted phrase must be clearly pointed out to obviate this rejection.

### ***Claim Rejections - 35 USC § 103***

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 3627

4. Claims 20 and 25-35, as understood, are rejected under 35 U.S.C. 103(a) as being unpatentable over Doi, US 6,471,314.

Doi discloses, e.g. Figs. 1-13, an on-line shopping method for determining the amount of consumable printing agents and receiving the status thereof. Doi does not disclose a service point. However, as understood, service points are common knowledge in the on-line shopping printing art. To have provided such for Doi would have been obvious to one of ordinary skill in the art.
